## HORSE-PHOTOGRAPHY-WORKSHOP in PORTUGAL, APRIL 23 - 27, 2018

Would you like to accompany us for a photoworkshop in Portugal, the capital breed of Lusitanos? Come with us and join us in Santarém from April 24 (evening) to April 27 (morning) 2018.\*\*

During this exclusive trip we will meet for a full-3-day phototour in several locations in Portugal's beautiful surroundings. If you are a beginner with photographing you are welcome to book a full day of coaching in advance of the tour (April 23\*\*).

What to expect? Lots of opportunities to capture beautiful pictures! Get images of this amazing breed in their homecountry Portugal.

Whenever possible, we will photograph them in their natural environment or traditional arrangement. Additionally we will shoot portraits, horses in movement and horses with riders in traditional outfits, surrounded from old pine trees and cork oaks. Also we will have a session with Cabrestos (7 steers and 6 riders – no worries, no animal will be harmed!) and a session of Working Equitation with Pedro Neves. Pedro is one of Portugal's established professional riders and has been trained by some

oft he best Portuguese Masters. Pedro's principal philosophy is to create balance and harmony between horse and rider.

A fire-ride and a beach session at the Atlantic Ocean for sunset will be the top highlight of this tour!

Images captured during this tour can be published and used commercially (under the conditions set by their owners - some owners request to authorize photos before any publication). All photos published online have to be described by name of horse, owner or stud name. It is highly appreciated if you are willing to add the tour name and tag us in social media, too.

The resulting photos can be used in social media and also for own advertising purposes. When selling pictures, we expect prior consultation with us for approval. (It would be fair if you donated part of the marge to the rider/horseowner, but this is, of course, voluntary and at the discretion of the photographer. We will do the same.)

Modelreleases are available and will be delivered upon request.

Each photographer, however, agrees by signature this contract to send 3 photos per shooting (edited, high resolution, without photographer stamps, as jpg, as well as 3 reduced ones for social media) to the models within one month (til May 28, 2018).

These images without your photologo are only for internal purposes of the riders. (Eg: making a beautiful poster for the living room wall) and will not be passed on or disseminated. The models will use only the watermarked photos for social media and are also compulsive to your photocredits.

The price would not be existing without this agreement. If you can not or do not want to send images you are welcome but the prices raised up to EUR 1.899,--.

The phototour takes place in all weather conditiones.

Costs are as follows: Without the coaching-day EUR 816,00; adding the extra coaching-day EUR 916,00 for the workshop/photo-tour.

Payment via bank account transfer.

Accommodation is additional EUR 90,00 per night/person in a modern double room (sharing) with private bathroom, as well as all meals: breakfast, lunch and dinner plus all drinks as there are coffee, tea, wine, coke, beer, water and juice.

Fell free to make your own prefert accommodation in a hotel of your choice – but for sure you will miss a lot of fun and comfort with us.

If you need transport from Lisboa Airport (both ways) it will be EUR 40,00. Travels to and back from Lisboa are not included.

Book your spot on this exciting journey with a non-refundable deposit

payment of 350 EUR, due in January 2018. For the remaining balance please pay at least 6 weeks in advance of the tour.
